I am a rape and murder victim and I am waiting to die from seizures, malnutrition, organ failure or my neighbors trying to kill me again. I have other terminal medical issues - they are too slow for this particular race to put me in the ground.

I was trafficked out of the Philippines, held in Beach Meadows Nova Scotia for 18 months under the threat a family member and / or myself would be killed if I left or told anyone.

I was subjected to 5 concurrent murder attempts that accumulated the injuries I am dying from now.

My Uncle with Huntington's was subjected to 2 concurrent murder attempts.

This has all been explained before (Jan 20th 2022) and nothing has been done. No one has contacted me. Not SIRT, not RCMP Major Crimes, no one.

The RCMP in Liverpool Nova Scotia have used public humiliation, shouting down, talking over, and constant and unending intimidation to refuse to record the violent crimes that have been committed against me. My negative interactions with the RCMP occurred on :

Sept 2019
 May 29th 2021
 July 19th 2021
 July 23rd 2021
 July 24th 2021

Those are the dates of the 5 instances that are explained in SIRT documents 1-4 - covering everything from sex trafficking to sexual mutilation, murder, multiple threats of mass shootings to the 11 year history of a man assaulting, harassing and threatening women and the disabled with weapons.

I have been the victim of assault, harassment and the uttering of threats including death and destruction of myself, my guests and our possessions since Sept 2020. The Liverpool RCMP have shouted me down for 19 months that "you've been told Randy Wambolt is a civil matter."

Randy Wambolt has been attacking, assaulting, harassing and threatening my guests and I, with weapons ranging from screwdrivers to a chainsaw the entire time. On May 29th and July 19th the same Constable shouted me down repeatedly with "I can't do anything about powertools on a porch." "I can't do anything about you being scared of powertools."

I am not scared of them - I am being threatened with them.

My Dying Declaration contains 3 hrs of courtroom testimony where 9 people testify to Randy Wambolt's 11 year history of committing these offenses. The Liverpool RCMP insist their is no record of it - that Randy is a civil matter.

From July 23rd 2021 to Dec 2021, Randy Wambolt and Wayne Oickle tried to kill me with the medical information I had to testify about in court on July 22nd. Randy screamed his intentions and plans to trigger my seizures and kill me for 3 months - while assaulting, harassing and threatening me with weapons. Wayne assisted from mid August to present with constant, unending, harassment - day and night - to make me fear for my life and safety.

There is a 4ft high sign outside my apartment warning me I'll be physically attacked if I am seen taking photographs of the violence at 98 Union Street.

I have been shouted down by the RCMP since May 29th 2021, that I am using the language Assault, Aggravated Assault, Uttering Threats, Harassment and Attempted Murder incorrectly.

I am not - I've attached Canada's legal definitions of the language so all interested parties understand I am using this language in their legal senses.

As my health declines faster and faster, I've begun notifying interested parties under my Dying Declaration. I notified my siblings on Feb 13th - they panicked and sent the RCMP to my home that same day. The Constable that attended, was new to me and the community. He knew nothing of the past events and sat in shock and disbelief at my descripts of being a sex trafficking and murder victim. He sat in disbelief at my claims of the tenants in my building making 2 threats of mass shootings and then lying in court to cover them up. He sat in disbelief as I explained the cage built in front of my apartment - and how and why it was filled with garbage.

This Constable assured me, he would locate my Dying Declaration and it's legal documents including the SIRT complaints from January and the courtroom testimony from last July. This Constable assured me he would put this information in front of his Supervisor and the supervisor above that.

On Feb 22nd I notified local politicians including MLA Masland, Mayor Norman and the 7 District Councilors of Queens County. They panicked and sent the RCMP to my home.

I was assured by the RCMP on July 24th that I would never be shouted down again, I would never be publicly humiliated again, I would never be made to beg for help for people in my community again. I

was assured by the RCMP on July 24th that I would never be turned away again, I would never be refused if I asked to make a recorded statement. I was assured by the RCMP on July 24th that a "special note" would be made "in my file" at the detachment that none of things would ever be done to me again.

On Feb 13th, the new Constable lived up to those promises - but he knew nothing about them. Whatever files he reviewed before coming to my home - he knew nothing of the scope or scale of violence at 98 Union Street.

On Feb 23rd, the opposite occurred. Not only was I shouted down, at my own wellness check, by RCMP that are suppose to be concerned for my life and safety - I was shouted down by the SAME Constable that threw me out of the detachment in Sept 2019 when I tried to report my initial rape and murder.

On Feb 23rd - everything I was assured went out the window - I was shouted down, humiliated and intimidated to the point I excused myself and went home - in under 2 minutes - with a single sentence.

It only took 1 sentence to end my wellness check - the Constable from 2019 that implied men can't be raped when she repeatedly told me I didn't do enough violence - she repeatedly told me I didn't try hard enough to get away. That Constable uttered 1 sentence when I asked for help :

"You've been told Randy Wambolt is a civil matter, it's your landlords' responsibility."

I tried to report an attempt on my life - Randy Wambolt, brandishing weapons, spent 3 months threatening my life, trying to trigger seizures to end my life, screaming at me to kill myself while he and Wayne Oickle harassaed, assaulted and made me fear for my life, safety and the lives and safety of my guests - day and night - for 3 months.

I tried to report that - and was shouted down with the same sentence - the exact phrase - that has been shouted down at me for almost a year now.

This Feb 23rd visit from the RCMP triggerred another attempt on my life.

That is SIRT 6.

Please do something to help me - or stop coming to my home. It only frenzies the residents.

Jeffrey Ohrt

Assault

265 (1) A person commits an assault when

- (a) without the consent of another person, he applies force intentionally to that other person, directly or indirectly;
